**Subject:** Complaint Regarding Sanitary Issues in Our Area**Respected Sir/Madam,**

I am writing this letter on behalf of the residents of Gandhi Street, Anna Nagar (West), to bring to your kind attention the unhygienic sanitary conditions prevailing in our locality.

For the past few weeks, garbage has not been collected regularly, and waste has been piling up on the roadside. The drainage system is also overflowing during the evenings, causing foul smell and making it difficult for residents to walk freely. These unsanitary conditions are not only unpleasant but also pose serious health risks, especially during the monsoon season, as they can lead to the spread of diseases like dengue, malaria, and cholera.

We kindly request the corporation to take immediate action by arranging for:

1. **Regular garbage collection and disposal** in our street.
2. **Proper cleaning and maintenance** of the drainage lines.
3. Deployment of sanitation workers at least twice a week to ensure cleanliness.

We sincerely hope that you will consider this matter with urgency and take necessary steps to improve the sanitary conditions in our area. The well-being and health of hundreds of residents depend on timely action.

**Thanking you,**

Yours faithfully,
